Special Provision for Sealing Abandoned Water Wells

July 26, 2002

This special provision was developed by the Bureau of Design and Environment. This special provision should be inserted into all contracts where work involves sealing abandoned water wells.

It is no longer necessary to coordinate this work with the Foundations Unit of the Bureau of Bridges and Structures.

The districts should include the BDE Check Sheet marked with the applicable special provisions for the November 8, 2002 and subsequent lettings. The Project Development and Implementation Section will include the paper copy in the contract.

This special provision will be available on the transfer directory July 26, 2002.

## **SEALING ABANDONED WATER WELLS (BDE)**

Effective: November 1, 2002

Description. This work shall consist of sealing abandoned water wells. Work shall be performed according to the "Illinois Water Well Construction Code (77 Illinois Administrative Code 920)".

Work shall be performed by a licensed water well driller. A list of licensed water well drillers is available from the Illinois Department of Public Health offices in Springfield.

Any available information, such as well type, diameter, depth and geologic data will be shown on the plans.

Basis of Payment. This work will be paid for at the contract unit price per each for SEALING ABANDONED WATER WELLS.
